Order Under	Vendor Part Number	Description	Price
Office Hours Installation			
SO Type use = Zlcn	APC0-3kvaStrtup5x8	Office hours Onsite Rackmount and installation of UPS Bootup ,testing and comissioning of UPS	SGD 180.00
Electrical + installation: This UPS requires hard-wiring. End User must provide Single Phase 32Amp isolator			
SO Type use = Zlcn	APC5-6kvaStrtup5x8	Office hours Onsite (Electrical Cabling & Start up) * Requires 32Amp Female IP44 power socket or 32Amp isolator within 5M of UPS Scope: Rackmount and installation of UPS Bootup ,testing and comissioning of UPS Provide 5 Meter power cable to UPS Supply & install C32 IP44 Male power plug to UPS Electrical Cabling of the UPS from Source Provided	SGD 560.00
Electrical + installation: This UPS requires hard-wiring. End User must provide Single Phase 63Amp isolator			
SO Type use = Zlcn	APC8-10kvaStrtup5x8	Office hours Onsite (Electrical Cabling & Start up) * Requires 63Amp Female IP44 power socket or 63Amp isolator within 5M of UPS Scope: Rackmount and installation of UPS Bootup ,testing and comissioning of UPS Provide 5 Meter power cable to UPS Supply & install C63 IP44 Male power plug to UPS Electrical Cabling of the UPS from Source Provided	SGD 840.00
SO Type use = Zlcn	APCBatteryStartUp5x8	Office hours Onsite (Battery start up) Scope: Unpack & Rackmount of additional battery pack Connection of battery pack to UPS Test and commission battery functionality	SGD 180.00
Electrical + installation: This UPS requires hard-wiring. End User must provide 3-Phase 32Amp isolator			
SO Type use = Zlcn	APC15-20kvastrtup5x8	Office hours Onsite (Electrical Cabling & Start up) * Requires 63AMP Female IP44 power socket (15KVA) or 3 phase 32amp isolater within 5M of UPS (15KVA/20KVA) Scope: Rackmount and installation of UPS Bootup ,testing and comissioning of UPS Provide 5 Meter power cable to UPS Supply & install C63 IP44 Male power plug to UPS Electrical Cabling of the UPS from Source Provided	SGD 1,050.00
SO Type use = ZLCN	APCSNMPCard	APCSNMPCard Startup service (Installation + Configuration up to 3 wintel servers only) 1) Install Network management card into UPS 2) Configure IP Setting 3) Configure email alerts 4) Configure policies 5) Installation and configuration of up to 3 Wintel Agents	SGD 220.00
SO Type use = ZLCN	APC-Disposal	Disposal of UPS or battery pack for UPS up to 10KVA 2) Disposal in an environmentally responsible method 3) Collection from customer location 4) Office hours onsite	SGD 180.00
SO Type use = ZLCN	APC-Rack-Installation	Installation of APC Rack 42 "1) To install 1 x standard 42U Rack 2) To install 1 x rack fan (if any) 3) To install rack shelves (if any) 4) To install up to 2 x basic PDU without configuration 5) Basic power cable management (if any)	SGD
SO Type use = ZLCN	APC-Disposal	Disposal of UPS or battery pack for UPS up to 10KVA 2) Disposal in an environmentally responsible method 3) Collection from customer location 4) Office hours onsite	SGD

SO Type use = ZLCN	UPSSMPDU-9X5	Installation of Switched or Metered PDU 1) To install and configure Switched or Metered PDU 2) Office hours onsite	SGD 150.00
SO Type use = ZLCN	APC-PDUInstallation-5x8	PDU installation (None Switched PDU, no configuration)	SGD 200.00
After Office Hours Installation			
SO Type use = Zlcn	APC0-3kvaStrtup7x24	After Office hours Rackmount and installation of UPS Bootup, testing and commissioning of UPS	SGD 280.00
Electrical + installation: This UPS requires hard-wiring. End User must provide Single Phase 32Amp isolator			
SO Type use = Zlcn	APC5-6kvaStrtup7x24	After Office hours (Electrical Cabling & Start Up) * Requires 32Amp Female IP44 power socket or 32Amp isolator within 5M of UPS Scope: Rackmount and installation of UPS Bootup, testing and commissioning of UPS Provide 5 Meter power cable to UPS Supply & install C32 IP44 Male power plug to UPS Electrical Cabling of the UPS from Source Provided	SGD 840.00
Electrical + installation: This UPS requires hard-wiring. End User must provide Single Phase 63Amp isolator			
SO Type use = Zlcn	APC8-10kvaStrtup7x24	After Office hours (Electrical Cabling & Start Up) * Requires 63Amp Female IP44 power socket or 63Amp isolator within 5M of UPS Scope: Rackmount and installation of UPS Bootup, testing and commissioning of UPS Provide 5 Meter power cable to UPS Supply & install C63 IP44 Male power plug to UPS Electrical Cabling of the UPS from Source Provided	SGD 1,225.00
SO Type use = Zlcn	APCBatteryStrtUP7x24	After Office hours (Battery start up) Scope: Unpack & Rackmount of additional battery pack Connection of battery pack to UPS Test and commission battery functionality	SGD 280.00
Electrical + installation: This UPS requires hard-wiring. End User must provide 3-Phase 32Amp isolator			
SO Type use = Zlcn	APC15-20kvastrtup7x24	After Office hours (Electrical Cabling & Start Up) * Requires 63AMP Female IP44 power socket (15KVA) or 3 phase 32amp isolater within 5M of UPS (15KVA/20KVA) Scope: Rackmount and installation of UPS Bootup, testing and commissioning of UPS Provide 5 Meter power cable to UPS Supply & install C63 IP44 Male power plug to UPS Electrical Cabling of the UPS from Source Provided	SGD 1,330.00
Electrical + installation: This UPS requires hard-wiring. End User must provide 3-Phase Isolator. TBA Pending Site Survey			
SO Type use = Zlcn	APC-TIVOUPS30KVAPS-24X7	1) Rackmount and Installation of UPS (if needed) 2) Supply and install up to 5M Power cable to UPS 3) Supply and install cable restraint 4) Supply and install C63 IP44 Male Power plug to UPS (If needed) 5) Boot up and testing of UPS 6) Commissioning of UPS 7) Free changing of up to 2 power connectors on power strips to C20 connectors 8) Customer must provide 63AMP 3 Phase Female IP44 power socket or isolater within 5M of UPS	SGD 2,500.00
	APC-Rackmount-5kvaUPS	Rackmounting of 5kva UPS - 24x7, does not include electrical works or cabling	SGD 325.00
	APC-Rackmount-Battery5kva	Rackmounting of battery pack	SGD 280.00
SO Type use = ZLCN	APC-electrical-cabling-7x24	Supply and install 1 x 32AMP MCB and ELCB to a DB (single phase) Supply 1 run 3 core power cable from DB to location not more than 10m Terminate with CeeForm or isolator	SGD 350.00
SO Type use = ZLCN	APC-Rack-Installation	Installation of APC Rack 42 "1) 2) To install 1 x rack fan (if any) 3) To install rack shelves (if any) 4) To install up to 2 x basic PDU without configuration 5) Basic power cable management (if any) 6) After Office hours onsite"	SGD 350.00
SO Type use = ZLCN	APC-RackAirFan-Installation	Installation of Rack Air Fan Cooler Assembly	SGD 160.00
SO Type use = ZLCN	APCSNMPCard	APCSNMPCard Startup service (Installation + Configuration up to 3 wintel servers only) 1) Install Network management card into UPS 2) Configure IP Setting 3) Configure email alerts 4) Configure policies 5) Installation and configuration of up to 3 Wintel Agents 6) After Office hours onsite	SGD 280.00
SO Type use = ZLCN	APC-Disposal	Disposal of UPS or battery pack for UPS up to 10KVA 2) Disposal in an environmentally responsible method 3) Collection from customer location 4) After Office hours onsite	SGD 250.00
SO Type use = ZLCN	UPSSMPDU-24X7	Installation of Switched or Metered PDU 1) To install and configure Switched or Metered PDU 2) After Office hours onsite	SGD 210.00
